

February 2010

To the Parents of MVCTC Students:

The Miami Valley Career Technology Center complies with Senate Bill 140 by offering the **Post Secondary Enrollment Options (P.S.E.O.) Program** during the 2010-11 school year for its juniors and seniors. This option allows students to take college classes while still in high school. If specific eligibility and performance guidelines are followed, the college tuition and cost of books are paid for by the high schools. Students may earn both high school and college credit for courses taken at the college via the **PSEO** Program.

If you are interested in this opportunity, and if your son/daughter meets the following criteria for application to the P.S.E.O. program, plan to attend a meeting at the MVCTC on Saturday, March 27th, 2010, from 10:00 a.m. until 12:00 noon in Room 179. The MVCTC criteria for PSEO program eligibility are:

1. Success in college prep courses such as English, Algebra, Biology, or Foreign Language.
2. Most universities require a 3.25 accumulative GPA. Sinclair and Edison require a 2.5 accumulative GPA.
3. Must earn at least a 3.0 or B average in the high school courses that are in the same subject area as the college courses.
4. Must pass college entrance exams in English, Reading, and Mathematics (must test during the month of April).
5. No deficiencies for graduation from the home school.
6. Provide own transportation to the participating college of the student's choosing.
7. Meet the specific college requirements for entry into the program.
8. Must have taken and passed the Ohio Graduation Test by Fall of 2010.
9. **Parent and student must attend a meeting with MVCTC or Member School Counselors by March 31 in order for the students to be eligible to participate.**

The MVCTC Guidance Counselors

This meeting is for parents and students.

Yes, we plan to attend the P.S.E.O. meeting at the MVCTC on **Saturday, March 27th, 2010, from 10:00 a.m. until 12:00 noon, in the SAC.** We understand that the parent and student must meet with a high school counselor by March 31 to initiate eligibility. Interested students should return this completed form to your MVCTC counselor.
