

Liapis Landscape & Design is a Dayton company looking for hard working, detailed oriented people. We are a growing company and would like to hire younger workers to train and move into management positions. We pay for all training and hope to attract people who love to work outside in a variety of divisions. This is a tremendous opportunity for anyone who thinks they can handle it. In today's world with little employment we have grown every year for 10 years now. We would love to speak with anyone interested!
