Clayton, Ohio – Miami Valley Career Technology Center (MVCTC) FCCLA students in the Early Childhood program recently won “Power of One” awards. This project is a self-improvement project that sets five goals for the individual to achieve. Each student has the POWER to get more from life. Their POWER can lead to new skills, special accomplishments, and special recognition. The “Power of One” winners will receive a plaque honoring their award at the State FCCLA Convention in Columbus on April 15.
