

# Welcome to ROLO ELECTRIC

At ROLO ELECTRIC we lead with innovation in the construction industry, specializing in both residential and commercial projects. Our team is dedicated to delivering high-quality, sustainable, and efficient building solutions. Founded in 2022, we pride ourselves on fostering an environment of growth and learning, and we're excited to expand our team with individuals who are passionate about craftsmanship and advancing their skills in electrical work.

## Job Description

We are looking for an enthusiastic Electrician Apprentice to join our growing team! This role offers an excellent opportunity to gain hands-on experience and deepen your knowledge in electrical installations under the mentorship of our experienced electricians. The ideal candidate will be technically skilled, eager to learn, and committed to safety and quality standards. Your goal will be to help our projects succeed by ensuring all electrical systems are installed correctly and efficiently.

## Responsibilities

- Assist in the installation of electrical systems for new construction and renovation projects.
- Follow electrical codes, blueprints, and diagrams under the supervision of another electrician.
- Conduct routing maintenance and replace worn or defective parts of existing electrical systems.
- Measure, cut, and bend wire and conduit using measuring instruments and hand tools.
- Maintain a clean and safe work environment, and ensure all tools and materials are readily available.

## Requirements

- High School Diploma or equivalent.
- Basic understanding of electrical systems, tools, and equipment.
- Strong problem-solving skills and mechanical aptitude.
- Ability to follow instructions and communicate effectively.
- Physical fitness to perform the demanding tasks of the job, including lifting up to 50 lbs and operating in confined spaces.

## Perks and Salary

As an Electrician Apprentice at ROLO ELECTRIC, you will receive:

- Competitive hourly wage range: \$16-\$19
- Paid time off and holidays (after probationary period)
- Opportunities for overtime and advancement
