### ***MVCTC Students Attend National Association of the Remodeling Industry (NARI) Business & Industry Breakfast***

Dayton, Ohio – The Miami Valley Career Technology Center (MVCTC) Construction Trades students attended the November Miami Valley- National Association of the Remodeling Industry (NARI) Business & Industry Breakfast. The event was held to bring Miami Valley NARI members together to promote growth ethical conduct, sound business practices and professionalism. The (NARI) Business & Industry Breakfast provided MVCTC students with the opportunity to meet with NARI contractors, design-build firms, manufacturers, suppliers, distributors, subcontractors, lenders, and other related professionals who work in the remodeling field. The key note speaker was Mr. John Richardson, who shared knowledge gained during his 34 years of working in the construction industry. Mr. Richardson spoke in depth about the proper application of DuPont™ Tyvek® Weatherization Systems and of their role in helping to combat water, moisture, and air infiltration into building structures.

Mr. Dale Winner, MVCTC Principal and Supervisor of Construction Trades Programs, said of the event, “The activity served as a wonderful opportunity for the students to network with business and industry personnel and to gain an appreciation for the business aspect of the construction industry.”

The MVCTC Construction Trades Program are members of Miami Valley NARI and traditionally participate in NARI events throughout the school year as part of the career technical lab experience. For more information about MVCTC and the Construction Trades programs, please visit [www.mvctc.com](http://www.mvctc.com) or [www.ctctube.com](http://www.ctctube.com).
