For Immediate Release – *January 2009*

### Northmont Rotary Visits MVCTC

**Clayton, Ohio** – The Miami Valley Career Technology Center (MVCTC) has been the topic of discussion at all of the January Northmont Rotary meetings, with representatives from MVCTC sharing school highlights and student accomplishments. The January 20, meeting was conducted on the MVCTC campus, with over 40 Rotarians in attendance. They heard from MVCTC students and had a chance to tour the campus and visit the career technical labs. The MVCTC students participating in the meeting were:

- Dustin Fourman – Senior Architectural Engineering student from Franklin Monroe
- Kayla Pitzen – Senior Pre-Vet Technology student from Arcanum
- Jordan Greve – Senior Culinary Arts student from Arcanum
- Catherine Hicks – Senior Electrical Trades student from Dayton
- Tim Stine – Senior Marketing and Media student from Milton-Union
- Abbie Van Hoose – Senior Dental Assistant student from Vandalia
- Lenesia Boddie - Senior Sports Medicine Tech Prep student from Jefferson Township

Each student gave a brief presentation on the career technical lab in which he or she is enrolled and why they decided to attend MVCTC. After the presentations, Rotarians were able to choose which program they would like to visit with the students acting as tour guides.

Northmont Chamber of Commerce CEO, Cathy Hutton, said of the meeting, “What a wonderful experience! The maturity of the students at MVCTC is amazing and can be contributed to the professionalism of the staff.”

For more information about MVCTC and the career technical programs offered to high school and adult students, please visit [www.mvctc.com](http://www.mvctc.com) or [www.ctctube.com](http://www.ctctube.com).
