MVCTC Students Win Local Automotive Service Technology SkillsUSA Contest

Clayton, Ohio – Students from the Miami Valley Career Technology Center (MVCTC) recently won local SkillsUSA competitions and two students advanced on to the Regional SkillsUSA level. The winners included:

- Jacob Schwaiger (Northmont) placed 1st in the Automotive Service Technology local contest and qualified to compete in the Regional SkillsUSA Automotive Service Technology Contest at Sinclair Community College
- Nate Bolin (Tipp City) placed 2nd in the Automotive Service Technology local contest and qualified to compete in the Regional SkillsUSA Automotive Service Technology Contest at Sinclair Community College
- Levi Roberts (Valley View) placed 3rd in the Automotive Service Technology local contest
- Jared Spitler (Eaton) placed 4th in the Automotive Service Technology local contest

Students in the Automotive Technology program at MVCTC are taught engine repair, how to work on automatic transmissions, manual drive trains, suspension, brakes, electronic systems, heating and air conditioning, and engine performance. After completing the two-year program at MVCTC student are able to seek employment as automotive technicians, parts and sales service people, drivability specialists, or with additional training they may become a service manager, team leader, independent auto service person, shop owner, or automotive engineer. For more information about the Auto Technology program at MVCTC, please visit www.mvctc.com.
