

## Dual Enrollment Program – English and Social Studies

(Subject to change as the partnership between MVCTC and Wright State University grows.)

The MVCTC and Wright State University (WSU) are partnering to deliver college courses on the MVCTC campus during the school day. Dual enrollment is **not** PSEO. Dual enrollment allows students the opportunity to remain on the MVCTC campus, take a college level course, and earn **both** high school and college credit. When a student is enrolled as a dual-enrollment student, s/he is also a student at the college, where s/he has the same benefits as any other Wright State University student.

### ELIGIBILITY:

To be eligible for Wright State University dual-enrollment courses, students must have:

- Senior status
- Successful completion of placement requirements
- Parent permission
- Willingness to accept the challenge and rigor of a college course
- Internet access at home recommended
- Willingness to pay tuition (a reduced rate, to be determined)
- Completion of the college application process
- MVCTC and WSU deadlines met
