For Immediate Release –October 2011

MVCTC Students Gain Real Life Skills While Providing Services to the Community

Clayton, Ohio – The Miami Valley Career Technology Center (MVCTC) prepares high school and adult students for the challenges of the 21st Century workplace by providing career and college focused education that prepares students for current and future jobs. Several of the career programs offered at MVCTC let students gain the skills necessary to be successful in the future while providing a service to the community. This allows MVCTC students to gain real life experience in the career they hope to pursue after graduation.

Below is a listing of community services provided to the public. Most include a small fee to cover supplies. Please call the phone number indicated for more information.
