For Immediate Release –*May 2012*

MVCTC Digital Design Student Selected to Appear in Film Festival

Clayton, Ohio –Miami Valley Career Technology Center (MVCTC) Digital Design student, Rebecca Grice (Milton-Union), had her short animation film "Hide and Seek" selected to appear in the Sundog 9 Regional Film Festival. Over 160 entries from schools around the state were submitted but only 25 best of the best were accepted. Rebecca's animation premiered Saturday, May 12, 2012, at The Little Art Theatre in downtown Yellow Springs.

The Sundog Film Festival is the only one of its kind in the region. Originating in Yellow Springs in 2003, and drawing competitors from several counties, it is mainly funded through the generosity of Yellow Springs' local organizations. Students in grades 8-12 create and submit short films to the Sundog 9 Regional Film Festival and Competition.

MVCTC Digital Design Instructor, Mrs. Donita Massing, said of the event, "I have enjoyed the process of encouraging students to have faith in their work, and entering the Sundog Film Festival is one way that they can come out of their shell to realize their true potential!"

MVCTC is very proud of Rebecca and her great accomplishments. For more information about MVCTC and the 50 exciting career programs offered to high school juniors and seniors, or the career training opportunities offered to adult students, please visit www.mvctc.com or www.ctctube.com.
